

Targeting FGFR alterations in cholangiocarcinoma: New perspectives for pathologists

We are delighted to invite you to Incyte's satellite symposium at ECP 2022

5 September 2022

13:00–14:30 CEST

Room: Shanghai
(Congress Center Basel)

The esteemed faculty will provide their expert perspectives on genomic alterations and testing in cholangiocarcinoma, via a series of presentations and a panel discussion with a live Q&A

Prof Aldo Scarpa (Chair), Italy

Exploring the FGFR pathway in cholangiocarcinoma: Implications for pathologists

Dr Daniel Kazdal, Germany

Advances in molecular profiling techniques for cholangiocarcinoma

Dr Ana Vivancos, Spain

Biopsy collection in cholangiocarcinoma: Current status and future perspectives

EU/PEMA/NP/22/0015; DK/PEMA/NP/22/0010; BE/PEMA/NP/22/0006; NL/PEMA/NP/22/0007; CH/PEMA/NP/22/0014; ES/PEMA/NP/22/0024.

Date of preparation: August 2022

Developed and funded by Incyte Biosciences International Sàrl.
